

COVID-19 UPDATE

Following the latest Government advice on COVID-19 (coronavirus) and in-line with other businesses/suppliers in our sector, CH Power Tools Ltd, has decided to temporary close down our primary operations from 26th March 2020 until further notice.

We will remain operating for specific clients with Tool or Equipment Management Contracts in essential sectors and will only be receiving deliveries from suppliers during this time. These clients will be contacted separately to advise how to get in touch with us during this time.

The health, safety, and wellbeing of our valued employees, customers and their families are our priority. We apologise for any inconvenience caused but have to take this course of action to help slow the virus down.

May we take this opportunity to thank you for your continued loyalty and business in these unprecedented times.

Given the fluid nature of this situation and the uncertainty over these unprecedented times we will be keeping the situation under constant review and will advise of any updates accordingly.

Kind Regards

Keifer Hutton
General Manager
